

# UAM PLAZZA ACCELERATOR PROGRAMME 2024

APPLY HERE

## Are you an innovative startup ready to reshape the future of Urban Air Mobility?

The UAM Plaza Accelerator programme is looking for the **6 most promising emerging Urban Air Mobility startups** in the EU or EU-associated countries, particularly in the subdomains of:

- Transport of medical goods
- Surveillance, security and safety
- Ground-enabling infrastructures

Applications deadline: 15 April

Accelerate your urban air mobility startup with our **6-month programme**, designed to help you identify and **solidify your product-market fit**, showcase your solutions and bring them to market through:

**CONNECTIONS** with the European UAM ecosystem, key stakeholders, investors and living labs

**WORKSHOPS** on business strategy and development, pitching, fundraising, regulation and social acceptance

**EVENTS** with key industry players where to network and pitch and **FUNDRAISING** opportunities
